Re: Spencer Broadcasting LP
Station KGHO(AM), Olympia, WA
Request for Waivers of FY 2002 and FY 2001
Regulatory Fees
Fee Control No. 0209248835223019

Dear Mr. Spencer:

This is in response to your letter dated September 13, 2002, filed on behalf of Spencer Broadcasting LP, licensee of Station KGHO(AM), Olympia, Washington, requesting a waiver or reduction of the fiscal year (FY) 2002 and FY 2001 regulatory fees. Our records reflect that Station KGHO(AM) did not pay the entire amount due for FY 2002 (i.e., \$1,575.00), but instead, paid \$950.00. Our records reflect that the station paid the \$875.00 regulatory fee for FY 2001.

¹ We are mailing this letter to the Lacey, Washington address identified in your letter, as well as to the Tacoma, Washington address listed in our records for Station KGHO(AM). We also are faxing this letter to the number you identified in your letter as the station's telephone number (i.e., 360-491-9200) in the event that the number may be the station's fax number. In this regard, we note that this number is not in service as a telephone number. We also note that the (different) telephone number listed in our records for Station KGHO(AM) also is not in service as a telephone number.

With respect to the FY 2002 regulatory fee, you assert that Station KGHO(AM) is a Class D AM station and that the Commission erroneously classified it as a Class B AM station in connection with the *Assessment and Collection of Regulatory Fees for Fiscal Year 2002, Report and Order*, 17 FCC Rcd 16177 (2002) (*2002 Regulatory Fee Report and Order*). Our records support your assertion that Station KGHO(AM) is a Class D AM station (serving a population of 166,753) for purposes of FY 2002. We therefore find that the Commission erroneously listed Station KGHO(AM) as a Class B AM station in the list of radio stations referenced in Attachment J to the *2002 Regulatory Fee Report and Order*. The FY 2002 regulatory fee for a Class D AM station serving a population of 125,001 to 400,000 is \$950.00. Accordingly, in light of the misclassification of Station KGHO(AM) in the 2002 list of AM and FM stations, we grant your request and reduce the FY 2002 regulatory fee for Station KGHO(AM) from \$1,575.00 to \$950.00.

You also request a waiver or reduction of the FY 2002 regulatory fee on the basis that KGHO(AM) operates as a noncommercial station and has "no source of broadcast revenue." Our records do not reflect that Station KGHO(AM) requested or received authority limited to noncommercial educational operations. If you believe, however, that you are entitled to an exemption from the FY 2002 regulatory fees as a noncommercial educational AM station under section 1.1162(e) of the Commission's rules, we request that you document Station KGHO(AM)'s eligibility for such exempt status by providing the Commission with a copy of the authorization limiting KGHO(AM) to noncommercial educational operations, a certification of its noncommercial educational status, or other information documenting such operation.² In the absence of such documentation, we find that Station KGHO(AM) is not eligible for an exemption from the FY 2002 regulatory fees as a noncommercial educational broadcast station under section 1.1162(e) of the rules.

With respect to the FY 2001 regulatory fee, you state that KGHO(AM) was "off the air from June 15, 2000 to May 31, 2001, due to circumstances beyond your control[.]" Our records confirm that Station KGHO(AM) received special temporary authorization to remain silent during a portion of FY 2001. But this is not an "extraordinary and compelling circumstance" warranting a waiver of the FY 2001 regulatory fee for Station KGHO(AM), particularly since it appears that the station returned to the air after its authorization to remain silent expired and was operational at the time the fee was due.³ We therefore deny your request for waiver or reduction of the FY 2001 regulatory fee.

² See *Implementation of Section 9 of the Communications Act, Assessment and Collection of Regulatory Fees for Fiscal Year 1994, Report and Order*, 9 FCC Rcd 5333, para. 26 (1994).

³ See *Implementation of Section 9 of the Communications Act, Assessment and Collection of Regulatory Fees for the 1994 Fiscal Year, Report and Order*, 9 FCC Rcd 5333, 5344 (1994), *on recon.*, *Memorandum Opinion and Order*, 10 FCC Rcd 12,759, para. 12 (1995) (regulatory fees may be waived, deferred, or reduced on a case-by-case basis in

Mr. Brian P. Spencer

3.

In summary, in light of the misclassification of Station KGHO(AM) in connection with the *2002 Regulatory Fee Report and Order*, we grant your request to the extent of reducing the FY 2002 regulatory fee for Station KGHO(AM) from \$1,575.00 to \$950.00. Because Station KGHO(AM) submitted \$950.00 for FY 2002, no refund to Station KGHO(AM) is required. We also deny your request for waiver or reduction of the FY 2001 regulatory fee for Station KGHO(AM). If you have any questions concerning this matter, please contact the Revenue & Receivables Operations Group at (202) 418-1995.

Sincerely,

**Subject: Regulatory Fee Waiver/Reduction Request
FY 2002 and FY2001 Media Services Annual Fees
KGHO(AM) Olympia, WA**

Dear Person(s):

Spencer Broadcasting LP is the licensee of radio station KGHO(920AM) Olympia. The current list of radio stations and fees assumed that KGHO is a Class B AM. It is our understanding that we are a Class D station. We are licensed for only 7-watts at night, a far cry from the minimum 250-watts of nighttime power that defines a Class B station, as I understand the rules.

Additionally, KGHO operates as a non-commercial station. We have filed our FY 2002 Annual Fee of \$950.00 for this Class D station, but request a waiver or reduction of that fee, as we are non-commercial and have no source of broadcast revenue.

In addition, KGHO was off the air from June 15, 2000, to May 31, 2001, due to circumstances beyond our control, and we request a waiver or reduction of the FY2001 Annual Fee of \$875.00, which we paid in a timely manner.

If you have any questions, please call me at 360-491-9200 between Noon and 8:00pm Eastern Time. Thank you.

Sincerely,

B. P. Spencer

FY 2002 Media Services Regulatory Fees Clarification of AM Broadcast Radio Stations

CLASS B AND CLASS D AM BROADCAST RADIO STATIONS

The Federal Communications Commission prepares an annual list of AM and FM broadcast radio stations organized by call sign in connection with the Assessment and Collection of Regulatory Fees, Report and Order (Report and Order). This list is referenced in Attachment J to the Report and Order and is available from the FCC's Public Reference Room, CY-A257, 445 12th St., S W., Washington, DC 20554. Information from the list is available by call sign through the FCC website, www.FCC.gov, or by calling the Consumer Information Center at (888) 225-5322.

In this year's list of AM and FM broadcast stations, a small number of AM stations that were previously classified as Class D were erroneously classified as Class B. If you are a licensee of a station listed as Class D last year and are presently listed in the Attachment J listing as a Class B station, and you have made no modifications to your station that would affect its class, you should pay the regulatory fee assessed for a Class D station.

Tom,

I've been trying to contact by phone Spencer Broadcasting LP (whose general partner is Brian Spencer) and have been unsuccessful. The telephone number listed on his request for relief (i.e., 360-491-9200) doesn't work and the yellow pages don't have a listing for KGHO or Spencer Broadcasting LP. (I want to request that he fax me a copy of his FCC authorization specifying noncommercial educational operation, the grounds upon which he requests relief.)

Do you have any ideas as to how I could find the telephone number? I think licensees are required to update their files under our rules. Thanks!

Joanne,

The presence of a fee control number (which does not include the letters RROG) does not in & of itself imply that the entire regulatory (or filing) fee was paid; only that a fee was paid.

Please don't change this reference number.

As far as FY 2001 fees are concerned, I have researched & can verify that Spencer Broadcasting LP paid their regulatory fee in the amount of \$ 875.00 as their letter states. Let me know if you need to see the fee payment record.

Tom,

I just noticed that Attachment J to the 2002 Report and Order required that KGHO pay \$1,575 for the year. KGHO only paid \$950 for the year (as reflected in the Payment Transaction Report and as admitted by KGHO). The fee control number (listed above) suggests that KGHO paid the entire amount due (because the fee control number doesn't have "RROG" in it), when in fact it did not. Should the fee number be changed to include "RROG"?

Also, did Station KGHO(AM) pay its regulatory fee for FY 2001? (You've already confirmed that it paid for 2002.) Thanks!

Joanne,

Sorry no luck on the media database. CORES has the same phone number.

I would suggest an email to the Media Bureau requesting the information you are in search of. There are quite a few very knowledgeable & helpful staff there.

I have success with Marva Dyson; Dale Bickel & also Glenn Greisman/MB-AD/418-2772.
